Type MS · Self-concept: who you think you are

Answer 1 of 11 · Question 17 part whole · 2 marks

2025 JUN · Paper 02 · extract 1 of 2 · find part whole in this mark scheme extract

Question Number	Answer	Mark
17	**One** mark for identification of a reason. **One** mark for reasoning/justification through theory. For example: • Talia's desire to become a doctor and help people does not match the reality of her struggling to talk to patients and other members of staff, leading to her feeling she is no longer good enough (1), which Rogers (1959) would suggest is due to incongruence where your ideal self does not match your actual real-life experiences leading to lower levels of self-esteem and self-belief (1). • Talia's real-life experiences of struggling to talk to patients and staff do not match her desire to become a doctor leading to her feeling she is no longer good enough (1), which Rogers (1959) would suggest is due to incongruence where your ideal self does not match your actual self, leading to lower levels of self-esteem and self-belief (1). Accept any other appropriate response.	**(2)**

Question number	Answer	Mark
16	**One** mark for knowledge of self-esteem. • How much value someone places on themselves (1) Accept any other appropriate response.	**(1)**

Type MS · Self-concept: who you think you are

Answer 3 of 11 · Question 20 part whole · 4 marks

2019 JUN · Paper 02 · extract 1 of 2 · find part whole in this mark scheme extract

Question number	Answer	Mark
20	**One** mark for identification of each reason (maximum **two** marks). **One** mark for reasoning/justification of each reason identified which must be linked to theory (maximum **two** marks). For example: • Sam's belief that he is not good at sport shows he has a negative self-image (1) which according to Rogers (1959) would be incongruent with his ideal-self as he wants to be better at playing sport so his self-concept is low (1). • Sam may have a lack of confidence which is why he will not ask for help, reinforcing his low self-esteem (1) which Rogers (1959) would suggest adds to his negative self-concept, as he may be unable to self-actualise without the help (1). Accept any other appropriate response.	**(4)**
